

## August President's Message

Well, for sure the irrigation equipment can stay in the shed. That rain I was so thankful for in last month's newsletter can take a break now, at least for a little while. This will certainly be a year for the record books.

Here on our farm we have been fortunate enough to stay just ahead of the work thus far. I believe this crop still has good potential. I hope you can all say the same. This is one of those years which, when the crop is all in, I believe we will all breathe a big sigh of relief.

I don't have much to say this month, other than to wish all of you a safe, bountiful and profitable harvest season, and a break from the rain. Hopefully, afterward you can take a little break before you start making proper repairs to all the farm roads.

Chris Baugher  
SHAP President
